A MAN

Who is possessed with even an ordinary amount of business intelligence will, when contemplating a purchase east his eye around for the place where he can secure the best hardware for the least money. This is not surprising nor even surprising. No rational man will be induced into paying an exorbitant price for any article. If he should he would be

FOUND DEAD

to the responsibility he owes to himself and to his family. If you are desirous of knowing where you can secure 100 cents worth of good hardware for the dollars you pay out, be treated hospitably and fed good all round over the table, let me assure you, attention to the firm of **OREGON & MELVILLE**, New Point, Mo., who carry a full and complete line of General Merchandise, and moreover ready to respond to every favor shown them.
